

COLLAPSIBLE BOLT CUTTERS

Handles on these engineered bolt cutters can be compact or extend for maximum cutting power. The **proven push button design** locks the shaft in the open and closed position allowing the tool to be used open or closed.

The Collapsible Bolt Cutter is produced in the USA and includes:

- 3/8" cutting capacity
- Heat treated black oxide blades (replaceable)
- Black anodized handles lock in open and closed position

PART NUMBER: BCX30
